Ava Wolfe – Student – Reconstruction of core subjects

Teacher Appreciation Week

Chair Hartfield read the Teacher Appreciation Week Resolution.

HMK End of the Month Report – Chad Franke

In the month of March, BBT continued the Construction Document (CD) design phase for both the VPES and TMES/EGMS additions. VPES is due to be completed late March, with TMES/EGMS due early April. Griffin Construction mobilized during Spring Break at OMS and started demolition. The Tumalo Roofing project went through its bidding process and a contractor was selected. MFIA Engineering has completed their design of the HHES HVAC renovation, submitting the bid documents and to the City of Redmond for review while carving out the project into two phases, with Phase 1 going this summer. District Wide Safety and Security has continued with the anticipation of starting to implement the systems with OMS over the summer.

HMK invited two OMS yearbook students to join them for an OAC meeting, review plans, and walk the project. The students had great questions and took pictures.

Consent Agenda

Director Lopez moved to approve the Consent Agenda as presented. Vice Chair Summers seconded the motion. Motion carried 5-0.
