CAMP 9 HIGHLIGHTS

Students get to know some of their high school teachers before the start of the school year, making Day 1 of high school a little less intimidating.

Students prepare for a positive high school social life by learning about & signing up for clubs, activities and/or sports.

Students participate in weekly field trips or activities focused on relationships, teamwork, perseverance, character building, future thinking and student interest.

Teachers focus on high school success, introducing Camp 9 participants to the ins and outs of their new high school, highlighting resources and procedures. Students become familiar prior to Day 1, with the opportunity to ask questions and learn.

Students can earn a .5 high school elective credit before they even start their freshman year.

"The help that I got and also just knowing some people that I will be going to school with and making new friends." - Camp 9 participant

ACHIEVEMENT MEANS MUCH MORE THAN GETTING THROUGH SCHOOL AND EARNING ENOUGH CREDITS TO GRADUATE; IT ALSO MEANS DEVELOPING MEANINGFUL RELATIONSHIPS AND HAVING POWERFUL STUDENT EXPERIENCES.

"It was more fun than you think it is and it actually helped a lot with meeting new people." - Camp 9 participant

Camp 9
Summer 2023
STRENGTHENING the transition to high school
Making success possible for every student.

WHY CAMP 9?

Camp 9 is a summer enrichment program focused on strengthening the transition to high school. This is a limited enrollment. The first 75 students at each high school, Ridgeview and Redmond High, will be selected to participate.

This three-week summer program will help students learn about their new school, get to know their high school teachers, get up-to-speed on academic and social expectations, and build meaningful relationships that will be the foundation of a strong high school career.

Success doesn’t happen by accident, but rather by design, and ensuring students have every opportunity for success before school starts will give them a chance to get ahead of the curve.

Simply put, students are more successful when they have strong relationships with their teachers, and when they see school and coursework as relevant and important to their future.

THE DETAILS

WHO & WHERE
Up to 150 incoming 9th graders - 75 students at Redmond High School and 75 students at Ridgeview High School. Each site will be led by four of our enthusiastic high school instructors.
